Dear Oddballs Foundation,

We are writing to you enclosing a cheque for **£5,000** as a grant from Penguins Against Cancer (PAC) to you, specifically to be used for raising of awareness of Testicular Cancer in the UK through funding testicular cancer and male health programmes. This grant was proposed by Charlie Giles and Pete Davis. This grant was made possible by Charlie Giles and his friends (Amir Affifi, Ailyn Fuguett Gutierrez, and Kai Chilvers), all of whom are students, taking part in the London University Student fight night and raising a considerable amount of sponsorship money for PAC. It was by all accounts a great atmosphere in the arena with good spirit shown throughout all contests.

PAC exists to raise cancer awareness, and to provide support to cancer research and treatment, as well as to hospices. It has no running or administrative expenses (all costs being met by individual PAC Members) and has many students studying at Guy's Hospital (home to the oldest Rugby Club in the world) as active supporters. Please feel free to visit our website www.penguinsagainstcancer.org.uk and let us know what you think.

We would be most grateful if you would write back to us confirming receipt of the grant and indicating how it will be spent. Please feel free to send your response as an attachment, via email to penguinsagainstcancer@outlook.com, as we would like to publish it on our website.

We wish you continuing success in the excellent work you are doing.

Yours sincerely
