28th October 2026

Dear Penguins Against Cancer

Thank you again for your generous donation and it sounds like your Golf Day was a real success!

It is great to hear about the outstanding care that Lyn Riley received under Professor K Menon and his team, and that she is doing well. We have liaised with him and his team, and the money will go towards improving minimally invasive surgery and HPB research grants.

Many thanks again,

Reta
