Kicking Cancer Into Touch!

13th March 2024

Dear Royal Marsden Cancer Charity,

We are writing to you enclosing a cheque for **£5,000** as a grant from Penguins Against Cancer (PAC) to you, specifically to be used to support research into the diagnosis and treatment of malignant melanoma. This grant is in addition to the £2000 which PAC provided in January 2019, the £8,500 in May 2015, and the £5,000 provided specifically to Professor Gore's Melanoma Research Fund between June 2014 and November 2017. This grant was proposed by Charlie Gush and by Charlotte Beardmore, a previous colleague of Professor Gore at the Royal Marsden, who was awarded a CBE in the 2024 New Years Honours List for services to Radiography, both of whom are longstanding PAC Trustees. The grant is made in memory of Jude Jones who we would like you to acknowledge as the inspiration behind this Grant, and is in support of all patients with melanoma.

PAC exists to raise cancer awareness, and to provide support to cancer research and treatment, as well as to hospices. It has no running or administrative expenses (all costs being met by individual PAC Members) and has many students studying at Guy's Hospital as active supporters. Please feel free to visit our website www.penguinsagainstcancer.org.uk and let us know what you think.

We would be most grateful if you would write back to us confirming receipt of the grant and indicating how it will be spent. Please feel free to send your response as an attachment, via email to penguinsagainstcancer@outlook.com, as we would like to publish it on our website.

We wish you continuing success in the excellent work you are doing.

Yours sincerely

Charlie Beardmore
President

Patrick Gush
Vice President
