Dear Target Ovarian Cancer, Please find enclosed a cheque for £5000 for your organisation from Penguins Against Cancer (PAC), a charity set up in 2013 to raise awareness of cancer and to provide support to cancer research and treatment organisations, and hospices. This is in addition to the grant we sent you for £3000 in February 2023, and the £1000 in May 2018. This grant, proposed by Caroline Small and Geraint Thomason, has been made possible by the continuing generosity of our supporters, particularly during our 10th Anniversary Ball held in London earlier this month, which you very kindly supported with an inspirational video – Many Thanks indeed. Please use this grant to directly support research into finding more effective treatments for ovarian cancer.

PAC fundraising activities are many and diverse, and all our events are designed to be both altruistic and fun. We plan to take 40 riders on a sponsored cycle ride by the Penguin Peloton from Guy's Hospital Tower, Bermondsey to Blackpool Tower, Lancashire, some 250 miles, in May 2024. Further detail is available at our website: www.penguinsagainstcancer.org.uk under 'Future Events'. Please visit it and let us know what you think.

We wish you and your staff every success in your ongoing battle against ovarian cancer and hope that your efforts continue to help alleviate the worst of this dreadful condition. We would be most grateful if you would confirm receipt of this letter and indicate how you intend to spend the grant.

With Very Best Wishes from the whole of the Penguin Flock.

Yours sincerely
