12th February 2026

Dear Pelvic Radiation Disease Association,

We are electronically transferring a Grant of £5,000 from Penguins Against Cancer (PAC) to you, specifically to be used to directly alleviate the worst effects of Pelvic Radiation Disease in patients post radiotherapy. This is in addition to the £5,000 grants we sent you in February 2018 and July 2021. This grant was proposed by Charlie Beardmore and Charlie Gush and is in support of the great work done by Dr Johnny Staffurth. We would like you to acknowledge all patients undergoing pelvic radiotherapy as the inspiration behind this Grant.

PAC exists to raise cancer awareness, and to provide support to cancer research and treatment, as well as to hospices. It has no running or administrative expenses (all costs being met by individual PAC Members) and has many students studying at Guy's Hospital as active supporters. Please feel free to visit our website <http://www.penguinsagainstcancer.org.uk> and let us know what you think.

This Grant was made possible following hugely successful fundraising by many students at Guy's Hospital whose support is vital to the work that PAC does.

We would be most grateful if you would write back to us confirming receipt of the grant and indicating how it will be spent. Please feel free to send your response as an attachment, via email to penguinsagainstcancer@outlook.com, as we would like to publish it on our website. We wish you continuing success in the excellent work you are doing.

Best Wishes and Good Luck with the superb work you do.

Yours sincerely
