Kicking Cancer Into Touch!

24/04/2024

Dear Dr Man

We are delighted to inform you that your application for a **£5,000 grant** to support your research project (**Investigation of markers associated with Epithelial to Mesenchymal Transition to derive novel therapies for Desmoplastic Small Round Cell Tumours**), to the **Penguins Against Cancer (PAC) Fergus Scholefield Cancer Research Award** has been successful. Please find enclosed a cheque made payable to the "Institute of Cancer Research".

Conditions of funding:

- That you acknowledge PAC funding, and the Fergus Scholefield Cancer Research Award, in any presentations, including our logo in articles or publications in relation to this project and note it on your Curriculum Vitae.
- That you produce a progress report in layman's terms about your project for PAC (approx. two sides of A4) by **May 2025**.
- You must inform PAC as soon as possible if the funds are not being used as set out in the application. PAC reserves the right to end the funding agreement should PAC deem the use of funds to be unreasonable or to vary too greatly from the application.
- Any unused or unspent funds are to be returned to PAC.
- You must inform PAC as soon as possible if there is any delay in the proposed start date of the project.

PAC is a registered charity which raises awareness of cancer, and makes grants to support cancer research, treatment and hospices. PAC is staffed entirely by volunteers and has no running costs. Further detail is available on our website: penguinsagainstcancer.org.uk.

We wish you every success in your research and look forward to receiving progress reports.

Yours sincerely,

Charlie Beardmore
President

Patrick Gush
Vice President

Simon Hughes
Research Committee

On behalf of the Trustees, Officers and Members of Penguins Against Cancer.
