Kickina Cancer Into Touch!

30th October 2026

Dear Melanoma Focus,

We are electronically transferring a Grant of £5000 from Penguins Against Cancer (PAC) to you, to be used to co-fund the research project: **Immune Tox: A prospective observational study of chronic and late adverse effects from immune checkpoint inhibitors in patients with melanoma**.

Conditions of grant funding:

- The grant recipient acknowledges PAC funding, in any presentations, including our logo and in articles or publications in relation to this project, and note it on related Curriculum Vitae.
- The grant recipient produces a progress report in layman's terms about their project for PAC (approx. two sides of A4) by January 2028.
- You must inform PAC as soon as possible if the funds are not being used as set out in the application. PAC reserves the right to end the funding agreement should PAC deem the use of funds to be unreasonable or to vary too greatly from the application.
- Any unused or unspent funds are to be returned to PAC.
- You must inform PAC as soon as possible if there is any delay in the proposed start date of the project.

This Grant, which is in addition to the £5000 Grant we sent you in November 2025, was proposed by Simon Hughes and Charlie Beardmore and was agreed by the PAC Trustees. It has been made possible following the fundraising efforts of many PAC supporters including an incredibly generous donation from Professor Simon Russell.

PAC exists to raise cancer awareness, and to provide support to cancer research and treatment, as well as to hospices. It has no running or administrative expenses (all costs being met by individual PAC Members) and has many students studying at Guy's Hospital as active supporters. Please feel free to visit our website www.penguinsagainstcancer.org.uk and let us know what you think.

We would be most grateful if you would write back to us confirming receipt of the grant and acceptance of the related conditions. Please feel free to send your response as an attachment, via email to penguinsagainstcancer@outlook.com, as we would like to publish it on our website. We wish you continuing success in the excellent work you are doing and look forward to your progress reports.

Yours sincerely

Charlie Beardmore
