Dear Professor Hutchinson,

Please find enclosed a cheque for £2,000 as a grant to Saving Faces, from Penguins Against Cancer, a charity set up to raise awareness of cancer and to provide support to cancer research and treatment organisations, and hospices. This grant was proposed by Charlie Gush and made possible following generous contributions from our members, not least: Nigel White, Mick Martin, Charlie Pugh, Fred Green, Alex Arbis, Steve and Tina Challacombe, and Yae-eun and Simon Hughes.

The Penguins recently faced up to the Guy's Hospital Freshers' XV in the Fergus Scholefield Memorial Cup rugby match. Despite lacking a degree of pace, youth, fitness and agility the Penguins managed to prevail, eventually overcoming the Freshers by 65 points to 22. We may well have been aided by having an enormous squad (both in girth and number) who were utilised to the full, and some very sympathetic refereeing. Much money was raised following the match and afterwards at the Penguins Against Cancer annual dinner.

We wish you and your staff every success in your continuing battle to save faces blighted by cancer. If you wish to know more about our charity, please visit our website: www.penguinsagainstcancer.org.uk and let us know what you think

We would be grateful if you would confirm receipt of this letter and indicate how you intend to spend the grant.

With Very Best Wishes from all the Penguin flock.
