Dear Brain Tumour Research,

Please find enclosed a cheque for £2,000 from Penguins Against Cancer, a charity set up to raise awareness of cancer and to provide support to cancer research and treatment organisations, and hospices.

This grant, proposed by Duncan Austin, our Chief Trustee, was made possible following generous subscriptions from our members and very successful fundraising events at the Scanlan Memorial Cup rugby match (Penguins XV versus Guy's Hospital Students XV) and the Guy's Hospital Rugby Club ball, both held on 22<sup>nd</sup> April 2017. Of note, the Penguins, a number of whom were playing rugby for Guy's before their opponents were born, managed to beat the Students this year, 56-12, bringing to bear experience, age, weight and 20<sup>th</sup> century tactics to offset a certain shortfall in speed and fitness.

We wish you and your staff every success in your continuing battle against brain tumours, which have affected a number of our close friends, and hope that your efforts help develop a cure for this dreadful disease. If you wish to know more about our charity, please visit our website:

I would be grateful if you would confirm receipt of this letter and indicate how you intend to spend the grant.

With Very Best Wishes

Pat Gush, Acting President

On behalf of the Officers, Trustees and Members of Penguins Against Cancer
