Kicking Cancer Into Touch!

1st November 2021

Dear Pancreatic Cancer UK,

I enclose a grant of **£5,000** from Penguins Against Cancer (PAC) to you, to be used to fund innovative research into treatments for Pancreatic Cancer. This is in addition to the £7,000 grant we sent you in September 2015. PAC is a registered charity which raises awareness of cancer, and makes grants to support cancer research, treatment and hospices.

Following COVID lockdown, we continue to stage numerous sporting and social events, with the aim of making altruism fun. Recently, 16 Penguins with a combined age of 850 years completed a 99 mile cycle ride from Guy's Hospital Tower to the Spinnaker Tower, Portsmouth which raised nearly £30,000 for PAC. Further detail is available at our website: www.penguinsagainstcancer.org.uk. Please visit it and let us know what you think.

The enclosed grant, proposed by Ben Challacombe and Charlie Spedding, was made possible by the extraordinary generosity of, amongst others: Lord Kirkham's Foundation, the Cygnet Gin Distillery, Chris Howell and Terry Gibson. The grant is made in direct support of Jean Davis, and in memory of Ron Spedding and Gay Pritchett.

We would be grateful if you would write to us to confirm how the grant is to be spent, and wish you every success in the fantastic work you are doing to combat Pancreatic Cancer.

With very best wishes.

Yours sincerely
