Dear Supporter

Thank you for supporting Marie Curie Cancer Care with your donation of £1000.00. Last year, in your local area, we provided care for 820 people with cancer and other life-limiting illnesses. Marie Curie Cancer Care relies on voluntary contributions and therefore your donation is incredibly valuable to patients, their families and to us. It makes a difference because it costs:

- £180 to provide a full nine hour Marie Curie nursing shift
- £20 for one hour of Marie Curie nursing care in a patient's home
- £5 for bereavement booklets to support 20 children

There are many ways to continue your support of Marie Curie Cancer Care - including volunteering, taking part in one of our events or by getting involved with your local Fundraising Group or Marie Curie shop. We would love to chat through the opportunities to help you find something that suits you. You can call or email us using the details above or please visit our website for more information www.mariecurie.org.uk.

Thank you again for your support and for the difference you have made.

Yours sincerely

Ros and Emily
