Dear Mr. Gush,

Thank you from The Urology Foundation

On behalf of everyone at The Urology Foundation, I would like to thank you and the Trustees of Penguins Against Cancer for your generous donation of £2,000 received this week.

In 2016, and for the second year in a row, TUF spent over £1,000,000 on its research, training and educational programmes, and this success is thanks to generous supporters like you. From TUF's ground-breaking Robotic Centres of Training to cutting edge lab research and the numerous medical apps currently in development, your support has helped us fund innovation in all areas of urology treatment and care.

Thank you again for your gift. You have helped us make a real difference to the quality of life for thousands of men, women and children in the UK.

Kind regards,

Louise de Winter

Louise de Winter
