Dear Pat,

We would like to thank Penguins Against Cancer for choosing Brain Tumour Research to benefit from a grant totalling the sum of £2,000. This money will go towards funding vital research at our UK Centres of Excellence.

Brain tumours kill more children and adults under the age of 40 than any other cancer...yet just 1% of the national spend on cancer research is allocated to this devastating disease.

This is unacceptable!

We are striving to fund a network of seven dedicated research centres whilst challenging the government and larger cancer charities to invest more in brain tumour research.

Thank you for helping us fund the fight. Together we will find a cure.
