14. P McKenzie	P Haley	14. D Guppy	
15. M Hackett			

Ref. E Larcombe

Ref. R Brown

Once again we welcome the Past to H.O.P. together with their memories and families. The Past sides contain the usual blend of experience, obesity and sheer nerve. Youth and fitness have most often secured victory for the Present sides despite the most awesome hangovers. However, the results are never a foregone conclusion and the Present should be reminded that the Past side has won 4 of the previous 13 encounters. Nigel Poole has picked a good side, several of whom would be eligible for the Present side. Chris Williams' team have a somewhat more mature appearance, some hailing from the distant past. It is said that one or two can even remember a time when beer was six old pence a pint and Guy's won more games than they lost.

We are very grateful to the referees, Ted Larcombe and Roger Brown for giving up their Sunday. Roger played for Guy's some years ago and has been a supporter ever since. Finally, we are once again thankful to Joyce and Eric Dann whose contribution to this weekend is so important. Enjoy the afternoon.
