Dear Charlie and Pat

I would like to thank the Officers, Trustees and Members of Penguins Against Cancer for your generous grant. Your grant is most timely as we are currently fundraising for new and essential IT equipment - this will enable us to continue our compliance with the CQC and improve our communications with both our visiting clients and donors and most importantly allow us to concentrate on developing our education programme.

This is an exciting time for Lady McAdden, as the work of the trust is changing in line with current needs. With more women being affected by this cruel condition the need for early detection is even more vital. That is why Lady McAdden is developing their breast checking education programme ahead of its launch in early 2020. We are hoping with continuing public support we can reach as many groups and age ranges as possible with the vital message "early detection is the key to survival". This very valued donation helps towards our charity providing the early detection of Breast Cancer to women in Southend and the surrounding area.

Lady McAdden relies completely on donations and proceeds from our charity shops and this is why your grant is so important to us.

I have attached a receipt for your records.

Thank you again for your support.

Yours Sincerely

Alan Kirkman  
Trustee
